WONDERGLASS

A beautiful evocation of the resilience of life on earth, Rise hints at the eternal mystery of life deep below and the creatures whose existence we only know by their breath rising to meet us, in the form of bubbles. Upon reaching the surface and breaking, these bubbles enter our atmosphere and eventually our own lungs – in the bubble is a communion of all life on earth. Like the deep-sea creatures by which it is inspired, the work's blown glass bubbles arrest the breaths of WonderGlass artisans in glass form.

**Numbered edition.**

## MATERIALS

**Bubble** | Blown glass

**Cube** | Resin

**Plinth** | Marble | Metal

## COLOURS

**Bubble** | Crystal

**Cube** | Bespoke

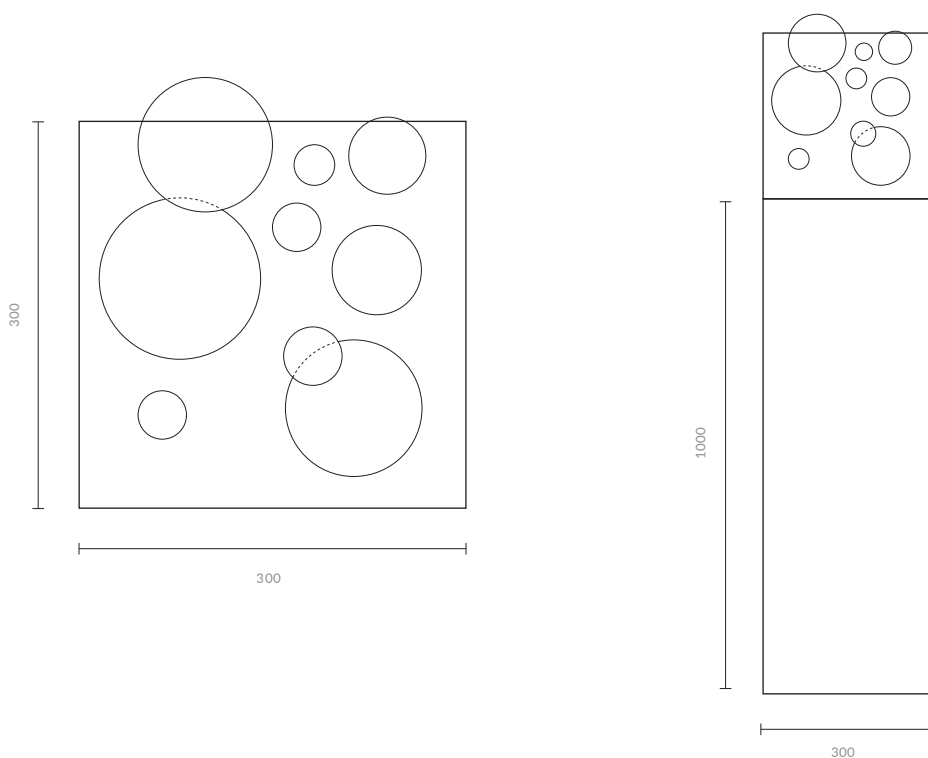

## DIMENSIONS

**Cube** | W 300 x D 300 x H 300 MM | 25 Kg

**Plinth** | W300 x D 300 x H 1000 MM

## LIGHT FITTING

5W LED on-off in the plinth

*Bespoke solutions also available*
