WONDERGLASS

Taliso is characterised by overlapping and interlocking glass sheets, cylinders, and planes, fundamental geometric forms that define both its structure and aesthetic. Drawing inspiration from architectural principles, each element is meticulously balanced and composed to accommodate the organic flow of textured fused glass. The result is a composition that feels at once primitive and raw, yet contemporary, delicate, and technically intricate.

**Numbered edition.**

## MATERIAL

Fused glass

## DIMENSIONS

D 1060 x W 1280 x H 600 MM

## COLOURS

Table Top | Amber

Base | Aquamarine

Middle Insert | Purple
